**COMBINATION APPLICATION FOR FIRST RESPONDER AND  
PRIMARY SERVICE AREA RESPONDER (PSAR) ASSIGNMENT**

Complete the “Combination Application for First Responder and Primary Service Area Responder” and submit it to the Office of Emergency Medical Services (OEMS).

The Office of Emergency Medical Services shall, in consultation with the appropriate Regional Council(s), review the application for completeness. It shall be the sole responsibility of OEMS to deem the application complete. Requests for additional information shall be forwarded to the applicant within thirty (30) days of the receipt of the application. The applicant shall provide such requested additional information within ten (10) working days of the receipt of such request. The Regional Council(s) shall have forty-five (45) days after the receipt of an application to forward a recommendation to OEMS. The OEMS shall render a decision on the application within ten (10) working days after the receipt of the Regional Council(s) recommendation. The above time lines may be waived by mutual agreement.

All parties shall receive written notification of the decision of the OEMS.

**REQUIRED LETTERS OF ENDORSEMENT AND CERTIFICATE OF INSURANCE**

Submit the original application (including all letters of endorsement) to the address below, to the attention of the [Regional EMS Coordinator](#).  
*Please remember to retain a copy for your records.*

SIGNATURE PAGE

The Chief Executive Officer of each first responder service must sign this page as an express condition to operate as a first responder service.

(Name of applicant service)

I do hereby warrant and certify that the above-named EMS provider organization shall carry out its responsibilities as a certified First Responder in accordance with Section 19a-179-4(a) of the Regulations of Connecticut State Agencies. Specifically, the above-named service shall provide at least the following at the scene of each EMS call to which it responds:

- 1. One Medical Response Technician (EMR) who is certified in accordance with section 129a-179-16(a) of the Regulations of Connecticut State Agencies.
2. A two-way radio compatible with the First Responder dispatcher.
3. Bandaging material and dressings sufficient to control hemorrhage.
4. Oropharyngeal or mouth-to-mouth airways in infant, child and adult sizes. Such airways shall be non-rigid and non-metal in construction.
5. Portable oxygen administration apparatus with a thirty (30) minutes supply of oxygen (at seven (7) liters per minute flow rate), which is operable totally detached from the parent vehicle. Such oxygen administration unit shall be capable of accepting attachment to a nasal canal, mouth/nose oxygen mask or as enrichment feed to a forced ventilation unit.

And, all First Responder vehicles listed in the Vehicle Information section of this application shall be equipped in compliance with the equipment standards published annually by the Commissioner pursuant to CGS 19a-177. The most current standard can be found on the Communications & References Documents page of the OEMS website.
