

Responses to Sandy Hook Relief Information Request:

Name of the Organization: **My Sandy Hook Family Fund**

1. Approximately \$1.5M.
2. The funds will be disbursed solely to the 26 families who lost children and loved ones in the tragedy.
3. We have incurred no costs, and have disbursed over \$1M to the families in equal shares.
4. We have provided a neighbor-to-neighbor relief effort that has provided services to the 26 families that run the full gamut of common needs (i.e., house cleaning, snow removal, garbage removal, car service, professional services, household repairs, business consulting services, etc.). Our efforts have been exclusively reserved for the 26 victims' families. We expect to continue to provide such services until these families are better able to manage their own affairs.
5. We have provided no funding to any other organization.
6. See answer 3.
7. We do not expect to have any surplus funds as any funds refused by any family will be disbursed pro rata to the accepting families. However, in the unlikely event there is a surplus, those funds will be placed into court receivership and their disbursement will be decided by the court consistent with all applicable law.

Robert Accomando, Esq.
