

4/13

1933 Shipment

New Haven, Conn,

Agric Exp Station
Dr. G. P. Clinton

Castanea mollissima

| Quan. | No. |
|-------|-----------------|
| 8 | MF |
| 8 | MI |
| 8 | MJ - c. crenata |

Remarks:

4/20/33 - ack receipt. Planted
near native seedlings
put out in 1930. See map
attached

~~1/16/28 - 5 # 78504 c. mollissima~~

7/8/46 - a few nuts found
these trees in 1944-
1945.

8/3/36 - Trees in competition in young forest, except few in hedge row.
Have made very little growth & losses have been heavy mostly
from winter killing & competition. See R.P.M. letter of 8/3/36
for detailed report. Dr. Clinton interested & wants more
