

"What do your records show regarding the two trees mentioned above? They were planted by Mr. and Mrs. F. C. Bursch and were secured through Dr. Fairchild. The children and grandchildren of the tree in question, all seedlings, apparently bear true."

tree bears heavily each year & Hunt plants the nuts here & there, & nuts planted by squirrels & neighbors are growing. Conn. authorities say it is largest tree that they know about.

4/7/52 - The trees at Riverside are due to be destroyed in 5 or 6 yrs. when a truck through-way is built through the town.

4/16/52 - Wing says R.P. Marshall says this tree much better & of a better strain than the Barlett tree. Barlett was with Marshall when he inspected the tree. (4/24/52)

4/30/52 - Graves & Minstardt advised about these trees.
