Childs, Mrs. Annie H. *Sativa and mollissima.*

Childs Park, Northampton, Mass.

1939: Reports on questionnaire that there is a large Spanish chestnut and a large Chinese chestnut, possibly 50 to 60 yrs. old, in Childs Park.

1/24/50 - In reply to my inquiry concerning condition of trees; rec'd. letter stating both were Spanish chestnuts - 1 tree about 22" dia. & 40' tall, the other tree 15" in dia' & about 30' tall. Both trees have produced burrs in considerable quantity nearly every year, but trees do not appear too healthy. JWB.
