Date: April 19, 2016

Subject: Bridge Rehabilitation at Route 8/I-84 "Mixmaster" Interchange – Waterbury, CT

On November 3, 2015 the Connecticut Department of Transportation (CTDOT) published a Notice of Scoping in the *Environmental Monitor* to solicit public comments for the subject project; and to advertise a public scoping meeting, which was held on November 18, 2015 at the Crosby Hill School in Waterbury. The public, state agencies, and other interested persons/parties were allowed to comment on any potential environmental impacts or concerns regarding the proposed project until December 31, 2015. Comments were received from the Department of Public Health, the Department of Energy and Environmental Protection, and the City of Waterbury.

Attached please find the Environmental Assessment Checklist for the above referenced project. The issues/concerns raised by the various State agencies and the City of Waterbury are included in the attached Environmental Assessment Checklist.

Based on the comments received, and the attached environmental checklist, CTDOT does not recommend the preparation of an Environmental Impact Evaluation.

Should you have any questions or concerns, please contact me at (860) 594-2931.
