Minutes- Motion made by (10) seconded by (1) to approve the February 6, 2018 minutes.

Pamela Brown introduced herself as the new Director of Investigations and advised that the procedures of the complaint process will remain the same. The Board inquired as to whether or not they will be receiving quarterly complaint reports as before. Director Brown stated that she will provide those reports as well.

A-Correspondence Received

A-1: Agreement with the National Association of State Boards of Accountancy Inc. with the Board to provide wall certificates (Dist. 4)

This is in regards to duplicate wall certificates. For information only, no action required.

A-2 Memo from Warren Disbrow, Assistant Town Engineer from East Hartford CT: Re: Professional Engineer Peer Reviews (Dist. 4)

In response to the question, is a PE license required to review regulatory submissions by professional engineers? The answer is no, however in reviewing and critiquing engineering documents the individual should be licensed as a professional engineer.

G-Other Items

G-1: Rodney Galton- Mr. Galton has a 9:30 am appointment with the Board to discuss his Class 4 application that was denied by the Board based on not having a 4-year engineering degree (Dist. 2)

Chairman D'Andrea advised Mr. Galton that the Board has been consistent with their policy that applicants hold a basic 4 year-degree in engineering. When reviewing applications for reciprocity, the Board does not equate engineering experience in lieu of the education requirement unless there are additional courses that when combined with a less than 4-year engineering degree equate to a 4-year engineering degree in engineering.

Mr. Galton provided his background in education and engineering and stated that in addition to his work experience he has taken additional classes and would be happy to provide the Board with this additional information.

Mr. D'Andrea stated Mr. Galton can forward the information to the Board administrator for the Board's review. Mr. D'Andrea stated that since there were two engineering board members that were not able to attend the meeting, that the discussion and additional information will be discussed at the next meeting for everyone's input.

G-2: Matt D Carroll- Mr. Carroll has a 10:00 am appointment with the Board to discuss the Board's policy regarding a 4 year degree in engineering. (Dist. 2)

Mr. Carroll understood the Board's policy in regards to a 4-year engineering degree.

The Board reiterated that the Board does not pre-approve applicants to sit for the Fundamentals of Engineering exam, however when applying to become registered as an Engineering-In-Training the education requirement must be completed.

The Board encouraged Mr. Carroll to sit for the Fundamentals of Engineering exam even though he will not meet all the registration requirements as an Engineer-In-Training.
