Reconsiderations

Chary, Adam M- Application was denied under Permit CL 1 Credit Part 1 based on his undergraduate degree in mathematics and the courses listed in his masters program did not equate to a basic engineering degree. Applicant is appealing the Board's decision and has requested an interview with the Board to discuss his application. (Dist. 2)

Mr. Chary was not able to attend the meeting due to a work emergency. The Board at this time has reaffirmed their previous decision.

Brown, Edward-Application was denied under Class 4 based on his education did not equate to a basic engineering degree. The applicant is appealing the Board's decision

and to have his application reviewed based on being a non-traditional candidate with more than 25 years of engineering experience. (Dist.2)

The Board reviewed all the courses that were taken by the applicant and determined that he does not have a 4 year equivalent degree in engineering. The Board confirmed that their original decision stands of denying his application under class 4.

Potts, Gregory A-Application was denied under Class 4 based on waived of the FE exam. The applicant is appealing the Board's decision and to have his application reviewed based on Section 20-300-3 (a)(2)(D)(ii) and the instructions of the online application. (Dist.2)

The Board considered the applicant's request and affirmed the Board's policy of not waiving the FE exam and that this is noted on the department's website and application. The Board reaffirmed their previous decision of not approving the application under class 4.
