The Department of Consumer Protection has implemented a new integrated computer system for the maintaining and tracking of all its licensing records. This system meets many of the objectives in being able to provide better quality of service to consumers in the processing of applications and availability of information to licensees and consumers.

Effective immediately, at the completion of all "approved" continuing education courses; all schools **must provide** PSI an electronic file for each of your students.

Please be advised, as an Approved Provider, this is a requirement. You MUST provide this information within 10 days from the continuing education instruction day.

All correspondence and technical support should be initiated with an email sent to schoolsupport@psionline.com. Your email should clearly state your provider name and the name and phone number of who to contact, and the nature of the problem. PSI technical support will promptly respond to you through an email reply or phone call if necessary. The site is currently available for you to use to practice uploading sample files.

To access the site please follow these steps:

1. Go to <http://schools.psiexams.com>
2. Log in using the following information:

ACCOUNT ID:
LOGIN NAME:
PASSWORD:

(Note: This information is unique to your school and must be kept secure. Please contact PSI immediately if this information is compromised and needs to be changed.)

3. After logging in you will be able to upload your tab-delimited file of candidates or enter individual candidate information one by one. A detailed description of how to do this is available at <http://schools.psiexams.com/information.jsp>

This automation of information will allow the Department of Consumer Protection to be able to enforce 100% the requirements of all licensees fulfilling their continuing

education requirements, when comparing the list of those that renew such license, as well as eliminating the need for licensees to provide copies of proof of continuing education courses. They anticipate that this should aid schools in the additional work of supplying lost copies as well as increasing attendance to required continuing education classes.

Please note that there will be a charge of \$1.00 for each candidate submission. During the upload process, you will be asked for credit card information for this charge.

If you need further technical assistance, please call PSI ESTech at **1(800) 367-1565**.

The fields that you will be collecting and entering are as follows:
