The Department of Consumer Protection has implemented a new integrated computer system for the maintaining and tracking of all its licensing records. This system meets many of the objectives in being able to provide better quality of service to consumers in the processing of applications and availability of information to licensees and consumers.

Effective immediately, at the completion of all "approved" continuing education courses; all schools **must provide** PSI an electronic file for each of your students.

Please be advised, as an Approved Provider, this is a requirement. You MUST provide this information within 10 days from the continuing education instruction day.

All correspondence and technical support should be initiated with an email sent to schoolsupport@psionline.com. Your email should clearly state your provider name and the name and phone number of who to contact, and the nature of the problem. PSI technical support will promptly respond to you through an email reply or phone call if necessary. The site is currently available for you to use to practice uploading sample files.

To access the site please follow these steps:

1. Go to <http://schools.psiexams.com>
2. Log in using the following information:

ACCOUNT ID:
LOGIN NAME:
PASSWORD:

(Note: This information is unique to your school and must be kept secure. Please contact PSI immediately if this information is compromised and needs to be changed.)

3. After logging in you will be able to upload your tab-delimited file of candidates or enter individual candidate information one by one. A detailed description of how to do this is available at <http://schools.psiexams.com/information.jsp>

This automation of information will allow the Department of Consumer Protection to be able to enforce 100% the requirements of all licensees fulfilling their continuing

education requirements, when comparing the list of those that renew such license, as well as eliminating the need for licensees to provide copies of proof of continuing education courses. They anticipate that this should aid schools in the additional work of supplying lost copies as well as increasing attendance to required continuing education classes.

Please note that there will be a charge of \$1.00 for each candidate submission. During the upload process, you will be asked for credit card information for this charge.

If you need further technical assistance, please call PSI ESTech at **1(800) 367-1565**.

The fields that you will be collecting and entering are as follows:

Notice to approved school providers

In the 2019 legislative session, the Connecticut General Assembly passed and the Governor signed Public Acts 19-16 and 19-93, which together constitute the Time's Up Act.

The 2 hour requirement that all employers with 3+ employees need to abide by regarding Sexual Harassment Prevention cannot be included as part of the four hour 2020-2021 continuing education course offering content area.

The requirement is to just provide the "document notice" regarding Sexual Harassment Prevention requirements and CHRO resources.

The document on the next page of this application must be provided to each student in class as informational

Sexual Harassment Prevention Resources

In the 2019 legislative session, the Connecticut General Assembly passed and the Governor signed Public Acts [19-16](#) and [19-93](#), which together constitute the Time's Up Act.

Among other changes to the CHRO process, this legislation establishes new rules and requirements regarding sexual harassment training and education. These provisions and requirements go into effect October 1, 2019. The language, applies to employers which have three or more employees, includes:

- Employers will be required to provide to a new employee a copy of information regarding the illegality of sexual harassment and remedies available to victims.
- Employers must provide all existing employees with two hours of training by October 1, 2020.
- Employers must provide two hours of training and education to new employees hired on or after October 1, 2019 within six months of their start date.
- Employers with fewer than three employees must provide two hours of training and education to all existing supervisory employees by October 1, 2020 or within six months to new supervisory employees.
- Employers must provide periodic supplemental training not less than every ten years.

The Time's Up Act requires the CHRO to post information concerning sexual harassment and remedies available.

The Commission on Human Rights and Opportunities is required to develop and make available at no cost to employers an online training and education video or other interactive method of training and education to fulfill the requirements of the statute.
