PAUL FARRELL
DEP HEARING OFFICER
RGGI Proposed Regulations
79 ELN ST
Hartford, CT 06106

Dear Mr. Farrell,

I strongly support the testimony of Robert Silvestro of PSEG-CT in regards to DEP setting strict criteria for bidders to the RGGI Auction. Although Robert would like the bidders restricted to generators for the first 3 years would be good, at least the first year should be restricted to evaluate the auction process.

Please implement the above recommendation in the Final Regulation.

Thank you.

Sincerely,

Henry Link
