HARTFORD, CT 06106-5127

**Note:** *Requirement 1* - Forest products harvested to convert the acreage from forestland to a non-agricultural use such as parking lot(s), residence(s), commercial or industrial building(s) are unacceptable as the product was not the result of a "sustainable" forest practice. If the product was harvested from the conversion of forestland to agricultural cropland or pastureland, the product would be acceptable because the land is "conserved" in its ability to grown plants, sustain animals, etc.
