

East Killingly Rodgers Bedrock Compilation Sheet (paper)

Map

NOTICE !

Bedrock quadrangle 1:24,000 scale compilation sheets for the Bedrock Geological Map of Connecticut, John Rodgers, 1985, Connecticut Geological and Natural History Survey, Department of Environmental Protection, Hartford, Connecticut, in Cooperation with the U.S. Geological Survey, 1:125,000 scale, 2 sheets. [minimum 116 paper quad compilations with mylar overlays constituting the master file set for geologic lines and units compiled to the State map, some quads have multiple sheets depicting iterations of mapping]. Compilations drafted by Nancy Davis, Craig Dietsch, and Nat Gibbons under the direction of John Rodgers.

Geologic unit designation table translates earlier map unit nomenclature to the units ultimately used in the State publication.

This map set contains unpublished maps, cross-sections, and related information archived by the State Geological and Natural History Survey of Connecticut as part of the Survey Library Collection.

These materials have not been reviewed for accuracy, consistency, or completeness. For many geographic areas, more current information exists, either in published or unpublished form. These materials were developed under research and mapping agreements between the State Geological Survey and individual scientists, academic institutions, or graduate students. The veracity of the information contained within these documents is the responsibility of the authorship. The State Geological and Natural History Survey of Connecticut, does not promote or endorse this content, nor does the State Survey attest as to its level of accuracy.

These materials have been preserved under a cooperative agreement between the State Geological Survey and the US Geological Survey as part of the National Geological and Geophysical Data Preservation Program. www.datapreservation.usgs.gov

These materials are offered in the spirit of open government. Reproduction of these manuscripts was conducted to the highest practical degree, within the parameters of the funding mechanism. Original documents are available for inspection by contacting the Connecticut State Geologist.

EAST KILLINGLY QUADRANGLE
CONNECTICUT—RHODE ISLAND
7.5 MINUTE SERIES (TOPOGRAPHIC)

Explanation
?PESs - Sterling
plutonic zone
?PESs - Scituate
granite zone
?PESh - Hope Valley
diorite zone
?PESp - Paganet
zone
?PESr - Mansfield
formation
?PESq - Quartzite
in Plainfield fm.

Mapped, edited, and published by the Geological Survey
Control by USGS, and Connecticut Survey
Topography by planetable surveys 1943. Revised 1955
Polyconic projection. 1927 North American datum
10,000-foot grids based on Connecticut and Rhode Island
coordinate systems
1000-meter Universal Transverse Mercator grid ticks,
zone 19, shown in blue
Connecticut Turnpike added 1959
Revisions shown in purple compiled from aerial photographs
taken 1970 and 1974. This information not field checked

ROAD CLASSIFICATION

Heavy-duty	Light-duty
Medium-duty	Unimproved dirt
U.S. Route	Slate Route
