Tossed Out: Food Waste In America

Join the Challenge

Here's how it will work:

- 1. You & your family will be provided with a scale and a container to collect the uneaten food that goes to waste at home.
- 2. For four weeks you will be asked to record the weight of uneaten food, at least once per week, but more if needed.
- 3. Each week of participation your family will receive tips and incentives to help you reduce waste.
- 4. Middle School participants that complete the four week challenge will have a donation made in their name to Food Share.

Food Is Too Good To Waste

Write down what you are willing to do to cut down on the amount of food that you waste.

I promise to
