

Healthy Connecticut 2025

CT SHA-SHIP Summit September 20, 2019

Notes from the SDOH-Indicators Exercise for HCT2025

Prepared by Health Resources in Action, Inc.

Table of Contents

Economic Stability	2
Neighborhood & Built Environment.....	3
Health & Healthcare	4
Social & Community Context.....	5
Education.....	6

Note: The counts listed for the **Social Determinants of Health** and **specific health indicators** represent the actual number of post-it notes placed by participants using the criteria given for the exercise.

1. Of the 30 indicators you've just heard about, what are the top 5 that resonate the most with you?
 - Most pressing health conditions and outcomes
 - Greatest disparities
2. Which of the SDOH seem to contribute the most to these indicators? Which seem the most impactful and related to your chosen indicators?
