

The State of Connecticut Department of Social Services
Bureau of Rehabilitation Services is issuing Addendum 1 to the
Industry Specific Training and Placement Programs
Request for Proposals

ISTPP_RFP_041911

Addendum 1 contains:

1. Amendment to Section 1.0 and Section 2.0 Page Limitations

The following information amends the contents of the original RFP issued on 4/19/11:

1.0 Organizational Profile Requirements

Maximum Page Limitation is TEN (10) 2-sided pages or TWENTY (20) 1-sided pages, total.

2.0 Service Requirements

Maximum Page Limitation is FIFTEEN (15) 2-sided pages, or THIRTY (30) 1-sided pages, total.

2. Official responses to questions.

Questions submitted by interested respondents and the Department's official responses follow. These responses shall clarify the requirements of the RFP. **In the event of an inconsistency between information provided in the RFP and information in these responses, the information in these responses shall control.**

1. Question: There are several areas throughout the RFP that reference a page limit, however some of the requested documentation, such as contracts over the past three years on page 26, will certainly take up more than the allotted pages. Do you want us to put a sampling of contracts or do you want all contracts over the past three years?
Response: The Department is requesting all contracts in the past three (3) years. It is acceptable to submit a brief response to this request as follows:

Contract with ___ and Dates:

Contract Contact:

Description of Services provided:

Similarities to the services required in this RFP, if applicable.

2. Question: Do you want solely state contracts or all contracts with vendors? All contracts with vendors will exceed the maximum allotment of pages and thus disqualify us from the RFP. Please advise.
Response: Please refer to Question 1.
3. Question: Additionally, for organizations who have been providing services for over 25 years, some areas will be extending beyond the maximum page allotment if

answering the questions within. These are not areas that will be covered in other sections. How do you advise for completion of the RFP?

Response: Please be advised of the following alteration to the page limitations:

1.0 Organizational Profile Requirements

Maximum Page Limitation is TEN (10) 2-sided pages or TWENTY (20) 1-sided pages, total.

2.0 Service Requirements

Maximum Page Limitation is FIFTEEN (15) 2-sided pages, or THIRTY (30) 1-sided pages, total.

4. Question: During the last RFP process, many employers were interested but were unable to commit to paying trainees due to the tight and limited budgets. In this RFP, are we able to build in training wages for individuals? Is there a cap on how much for the wages and for how long?

Response: Section III.C.2.4.1.d of the RFP states, “Transitional Work Training - After the job candidates have been screened, evaluated and oriented to the program, they can then begin the transitional work period at the HE site.”

Training on the job site will be provided by Resultant Contractor staff who will be trained by the HE in the targeted industry specific positions and have an established background in providing employment supports in an integrated setting for persons with disabilities. Candidates will be evaluated at regular intervals for their readiness for hire or placement. The Resultant Contractor shall pay candidates a training wage at a rate negotiated between the HE and the Proposer, (minimum wage or more). It is encouraged that the proposer negotiate a wage reimbursement for trainees through the HE, however, wages being reimbursed through DSS/BRS will be considered [emphasis added] The Resultant Contractor shall be reimbursed for applicable payroll taxes and Workers’ Compensation and Unemployment Compensation insurance costs for participants through program funds from the Department. The candidate may be hired by the HE after she or he displays appropriate work behaviors and meets the HE’s production standards.”

At this time there is no cap on wage amounts for workers, only the requirement that the wages are commensurate with industry standard for the targeted occupations within the design of the ISTPP.

As instructed in Proposal outline, Section C of the proposal submission, the proposer must reference where the information labeled CONFIDENTIAL is located in the proposal. *EXAMPLE: Section G.1.a.* For each subsection so referenced, the proposer must provide a convincing explanation and rationale sufficient to justify an exemption of the information from

release under the FOIA. 18. Conflict of Interest - Disclosure Statement. Proposers must include a disclosure statement concerning any current business relationships (within the last three (3) years) that pose a conflict of interest, as defined by C.G.S. § 1-85. A conflict of interest exists when a relationship exists between the proposer and a public official (including an elected official) or State employee that may interfere with fair competition or may be adverse to the interests of the State. The existence of a conflict of interest is not, in and of itself, evidence of wrongdoing. A conflict of interest may, however, become a legal matter if a proposer tries to influence, or succeeds in influencing, the outcome of an official decision for their personal or corporate benefit. The Department will determine whether any disclosed conflict of interest poses a substantial advantage to the proposer over the competition, decreases the overall competitiveness of this procurement, or is not in the best interests of the State. In the absence of any conflict of interest, a proposer must affirm such in the disclosure statement. *Example: “[name of proposer] has no current business relationship (within the last three (3) years) that poses a conflict of interest, as defined by C.G.S. § 1-85.”*

Pursuant to Governor M. Jodi Rell's Executive Order No. 3, any resulting contract will be posted on the State Contracting Portal. All unsuccessful proposers will be notified by e-mail or U.S. mail, at the Department's discretion, about the outcome of the evaluation and proposer selection process.

Unsuccessful Proposers may, within thirty (30) days of the signing of the resultant contract(s), request a Debriefing of the procurement process and its submission by contacting the Official Agency Contact in writing at the address previously given. A Debriefing may include a request for and distribution of instructions to the evaluators, a copy of the evaluation tool, and a copy of the Proposer's scores including any notes pertaining to the Proposer's submission. Appeal Process.** The Proposer may appeal any aspect of the competitive procurement; however, such appeal must be in writing and must set forth facts or evidence in sufficient and convincing detail for the Department to determine whether during any aspect of the competitive procurement there was a failure to comply with the State's statutes, regulations, or standards concerning competitive procurement or the provisions of the Procurement Document. Appeals must be submitted by the Proposer to the Agency Head, with a copy to the Contract Administrator.

Proposers may submit an Appeal to the Department any time after the submission due date, but not later than thirty (30) days after the Department notifies Proposers about the outcome of a competitive procurement. Following the review process of the documentation submitted, but not later than thirty (30) days after receipt of any such Appeal, a written decision will be issued and delivered to the Proposer who filed the Appeal and any other interested party. The decision will summarize the Department's process for the procurement in question; and Indicate the Agency Head's finding(s) as to the merits of the Proposer's Appeal.

The proposer further represents and warrants that no agent, representative, or employee of the State participated directly in the preparation of the proposer's proposal. The proposer also represents and warrants that the submitted proposal is in all respects fair and is made without collusion or fraud.
2. **State Officials and Employees.** The proposer certifies that no elected or appointed official or employee of the State has or will benefit financially or materially from any contract resulting from this RFP. The Department may terminate a resulting contract if it is determined that gratuities of any kind were either offered or received by any of the aforementioned officials or employees from the proposer, Contractor, or its agents or employees.
3. **Competitors.** The proposer assures that the submitted proposal is not made in connection with any competing organization or competitor submitting a separate proposal in response to this RFP. No attempt has been made, or will be made, by the proposer to induce any other organization or competitor to submit, or not submit, a proposal for the

purpose of restricting competition. The proposer further assures that the proposed costs have been arrived at independently, without consultation, communication, or agreement with any other organization or competitor for the purpose of restricting competition. Nor has the proposer knowingly disclosed the proposed costs on a prior basis, either directly or indirectly, to any other organization or competitor.

4. **Validity of Proposal.** The proposer certifies that the proposal represents a valid and binding offer to provide services in accordance with the terms and provisions described in this RFP and any amendments or attachments hereto. 3. **Exclusion of Taxes.** The Department is exempt from the payment of excise and sales taxes imposed by the federal government and the State. Proposers are liable for any other applicable taxes.
4. **Proposed Costs.** No cost submissions that are contingent upon a State action will be accepted. All proposed costs must be fixed through the entire term of the contract.
5. **Changes to Proposal.** No additions or changes to the original proposal will be allowed after submission. While changes are not permitted, the Department may request and authorize proposers to submit written clarification of their proposals, in a manner or format prescribed by the Department, and at the proposer's expense.
6. **Supplemental Information.** Supplemental information will not be considered after the deadline for submission of proposals, unless specifically requested by the Department. The Department may ask a proposer to give demonstrations, interviews, oral presentations or further explanations to clarify information contained in a proposal. Any such demonstration, interview, or oral presentation will be at a time selected and in a place provided by the Department. At its sole discretion, the Department may limit the number of proposers invited to make such a demonstration, interview, or oral presentation and may limit the number of attendees per proposer.

At its discretion, the Department may also check or contact any reference provided by the proposer.
8. **RFP Is Not An Offer.** Neither this RFP nor any subsequent discussions shall give rise to any commitment on the part of the State or the Department or confer any rights on any proposer unless and until a contract is fully executed by the necessary parties. The contract document will represent the entire agreement between the proposer and the Department and will supersede all prior negotiations, representations or agreements, alleged or made, between the parties. The State shall assume no liability for costs incurred by the proposer or for payment of services under the terms of the contract until the successful proposer is notified that the contract has been accepted and approved by the Department and, if required, by the Attorney General's Office.

7. **Clerical Errors in Award.** The Department reserves the right to correct inaccurate awards resulting from its clerical errors. This may include, in extreme circumstances, revoking the awarding of a contract already made to a proposer and subsequently awarding the contract to another proposer. Such action on the part of the State shall not constitute a breach of contract on the part of the State since the contract with the initial proposer is deemed to be void *ab initio* and of no effect as if no contract ever existed between the State and the proposer.
8. **Key Personnel.** When the Department is the sole funder of a purchased service, the Department reserves the right to approve any additions, deletions, or changes in key personnel, with the exception of key personnel who have terminated employment. The proposer has the burden of establishing the availability of any FOIA exemption in any proceeding where it is an issue. While a proposer may claim an exemption to the State's FOIA, the final administrative authority to release or exempt any or all material so identified rests with the State. In no event shall the State or any of its employees have any liability for disclosure of documents or information in the possession of the State and which the State or its employees believe(s) to be required pursuant to the FOIA or other requirements of law.

BRS plans to expand the pool of available job training options for vocational rehabilitation BRS participants with disabilities served by BRS.

BRS is seeking new and innovative proposals for assessment, training and placement programs to be conducted by Contractors on location at a Host Employer (HE), determined by the Contractor, with the expectation that the BRS participant will be employed with the HE or with another similar company within the industry upon completion of the training. The goal is for the Contractor to develop a sustainable tuition based training and placement program in a demand industry that continues beyond the life of the contract.

Proposers must have a documented relationship with the businesses or industry, as the HE, that have a current and ongoing demand for trained and qualified employees. The program can be a new training program or an existing training program that expands or adjusts to include qualified participants with disabilities.

ISTPPs are encouraged for the following consumer demand occupational goals in rank order:

3. Retail Positions
4. Customer Service
5. Administrative Assistant / Clerical
6. Human Services
7. Food Service
8. Health Care

1.7 Small, Minority or Women’s Business Enterprise

Section 32-9e of the Connecticut General Statutes, superseded by Section 4a-60g sets forth the requirements of each executive branch agency relative to the Connecticut Small Business Set-Aside program. Pursuant to that statute, twenty-five (25%) of the average total of all contracts let for each of the three previous fiscal years must be set aside.

The Department requires that the Resultant Contractor make a “good-faith effort” to set aside a portion of this contract for a small, minority or women’s business enterprise as a subcontractor. Such subcontractors may supply goods or services. Prospective Proposers may obtain a list of firms certified to participate in the Set-Aside program by contacting the Department of Administrative Services at the DAS website.

To submit a responsive proposal **THE PROPOSER SHALL** describe its intention to set aside a portion of this contract for a small, minority or women’s business enterprise as a subcontractor.

1.8 Department Responsibilities

To submit a responsive proposal **THE PROPOSER SHALL** identify specific support the Proposer requires from the Department to perform the tasks in any resultant contract. The Department of Social Services Bureau of Rehabilitation Services retains the ultimate decision-making authority required to ensure program tasks are completed.

Specific Department responsibilities are:

2.0 Service Requirements

Maximum Page Limitation is TEN (10) 2-sided pages, or TWENTY (20) 1-sided pages, total

General - Responses for this section must describe the Proposer's capability and competence to perform the requirements specified in this RFP.

No Rewrites - The Department does not want a rewrite of the RFP requirements, since such a proposal would show a lack of understanding of the program and an inability to provide appropriate levels of support and guidance for the implementation of this type of program.

Where the Proposer's response to a specific requirement reflects the Proposer's response to another requirement, the Proposer may cite the other response instead of reproducing it.

Proposers that propose the use of subcontractors must present the same information about the subcontractors as for the Proposers.

2.1 Proposer's Comprehensive Risk Understanding

The Department is seeking to contract with an organization that can demonstrate the ability to implement and administer an ISTPP for individuals with disabilities. To this end, the Resultant Contractor must be sensitive to the needs and circumstances of individuals seeking guidance and training and the policy requirements of the Department and the Federal government. The Department looks forward to a relationship with a Resultant Contractor who will anticipate risks and propose solutions to problems that may arise.

To submit a responsive proposal, THE PROPOSER SHALL:

- a. Show its understanding of the ISTPP requirements by describing potential risks to the Department and risks that the Proposer could encounter if awarded a contract to administer the ISTPP and
- b. Propose solutions or approaches for managing those risks that show the Proposer's familiarity and sensitivity with managing ISTPP tasks.

2.2 Collaborating with the Department

To submit a responsive proposal, THE PROPOSER SHALL propose its approach for collaborating with the Department to provide ISTPP services.

2.3 Task-related Policies and Procedures

To submit a responsive proposal, THE PROPOSER SHALL acknowledge in writing and agree that:

The success of the Resultant Contractor's performance depends, in part, on the Resultant Contractor's development of and application of clear and accurate policies and procedures that reflect functional interpretations of regulations, quality goals, and directives; and

The Resultant Contractor's policies and procedures must be organized and available to allow seamless access by both the Resultant Contractor and designated Department staff.

2.4 Program Design

The Resultant Contractor will define the employer site, the Host Employer, (HE) and job categories. This commitment from the Resultant Contractor will need to be documented. Based on the types of positions and the training needs of the employer, a curriculum will then be negotiated between the Resultant Contractor and Host Employer in order to determine appropriate candidates as well as enable those candidates who do not have the prerequisite social and work skills to successfully enter these jobs on their own.

1. The training process should include the following areas:
 - a. Initial Screening - Prospective job candidates will be identified based on candidates' interest and an initial screening conducted by the referring entity. This screening will include an assessment of the individual's requisite skills using criteria established by Resultant Contractor and the employer. All referrals to the ISTPP will be made through a single point of contact, the Program Director, at BRS who will be designated to work with that particular training program.
 - b. Evaluation - A brief work assessment will be completed by the Resultant Contractor to further evaluate the individual's skill level, work tolerance, noise tolerance, social skills, and work habits relative to positions available at each training program. To the extent feasible, this assessment will take place at the HE facility. Persons meeting the

minimum qualifications of the positions for which they wish to be considered will be referred for training, as appropriate.

- c. Classroom and/or Equipment Training - The training program should provide technical (job related) and soft skills (work habits, co-workers) training to BRS participants served by BRS on location at the HE. If training cannot take place at the HE site, the Resultant Contractor must receive prior written approval from BRS before providing the training at an alternate site controlled by the HE. If the job involves use of equipment as part of job functions then all efforts should be made to reproduce a setting consistent with equipment used by HE for purposes of training.

A participant may progress through the training when she or he shows competency regarding job duties, as measured by HE directives and guidelines. Factors to be considered will include the individual's production rate, accuracy, capability to work a complete work shift, knowledge of the work culture, capability to follow all safety procedures and appropriate engagement with others in the workplace. Other areas the training could review are Occupational Safety and Health Administration (OSHA) rules, travel training and completion of social skills training. Program staff will work closely with BRS participants to determine participants' readiness for direct hire by HE or placement in similar setting.

- d. Transitional Work Training - After the job candidates have been screened, evaluated and oriented to the program, they can then begin the transitional work period at the HE site. Training on the job site will be provided by Resultant Contractor staff who will be trained by the HE in the targeted industry specific positions and have an established background in providing employment supports in an integrated setting for persons with disabilities. Candidates will be evaluated at regular intervals for their readiness for hire or placement. The Resultant Contractor shall pay candidates a training wage at a rate negotiated between the HE and the Proposer, (minimum wage or more). It is encouraged that the proposer negotiate a wage reimbursement for trainees through the HE, however, wages being reimbursed through DSS/BRS will be considered. The Resultant Contractor shall be reimbursed for applicable payroll taxes and Workers' Compensation and Unemployment Compensation insurance costs for participants through program funds from the Department. The candidate may be hired by the HE after she or he displays appropriate work behaviors and meets the HE's production standards.
- e. Hire/Placement - Those job candidates successfully completing the training program will be hired by the HE as vacancies occur, and paid at the regular starting wage for the applicable position. During the contract period, the Resultant Contractor shall be responsible for assessing the need for any ongoing support or accommodations. The Resultant Contractor will develop a network of contacts with similar employers for candidate placement who successfully completed the training program but no vacancies are available with HE.

Job candidates with disabilities who do not require the full array of services may be hired without completion of all the above components, as appropriate. Persons with

disabilities may also be hired through the regular HE recruitment process, provided they meet the prerequisite experience and skill requirements.

The Resultant Contractor shall be responsible for assisting program participants with transportation, as necessary. Indirect Transportation Services (e.g., travel training, coordination with vanpools, and development of natural supports) will be included in the responsibilities of the job coach and supervisory staff funded through the ISTPP.

To provide the services described above, it is expected that the Resultant Contractor shall need to assign adequate staff to complete the evaluations and to maintain an average staff -to - participant ratio of 1:7 while participants are in the ISTPP. In addition, the Resultant Contractor shall assign a Program Manager to ensure program quality and success.

To submit a responsive proposal, **THE PROPOSER SHALL** provide a concise description of the ISTPP proposed, inclusive of the following required areas:

The Department reserves the right to consider all factors including cost in the final selection of a successful proposer. The opportunity to negotiate a contract with the Department will not be awarded based on cost alone.

Payment Structure - Resultant Contractors shall be paid in accordance with expenditures incurred in accordance with the approved line-item budget. While specific payment terms will be made final during contract negotiations, it is expected that payments will be made monthly, contingent upon the Resultant Contractor's timely compliance with the resultant contract periods including, but not limited to, the Resultant Contractor's submission and Department/DSS' acceptance of all required reports and payment requests.

**NOTICE TO EXECUTIVE BRANCH STATE CONTRACTORS AND PROSPECTIVE STATE CONTRACTORS OF
CAMPAIGN CONTRIBUTION AND SOLICITATION BAN**

This notice is provided under the authority of Connecticut General Statutes 9-612(g)(2), as amended by P.A. 07-1, and is for the purpose of informing state contractors and prospective state contractors of the following law (italicized words are defined below):

Campaign Contribution and Solicitation Ban

No *state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor*, with regard to a *state contract or state contract solicitation* with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or *solicit* contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

Duty to Inform

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

Penalties for Violations

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties--\$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of \$2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or \$5000 in fines, or both.

Contract Consequences

Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.
