Good morning!

Two weeks ago we sent you an email inviting you to attend a webinar this **Wednesday, March 29 @ 2:00- 3:30** to learn more about System-Wide Analytics and Projection (SWAP) project we are initiating throughout the state. The previous email is attached for your review. You received an invitation to this webinar because your organization is part of CT's Housing and Homeless Services system and your programs are reported to the US Department of Housing and Urban Development's Housing Inventory Count (HIC).

This webinar will launch us into this year-long project and is an opportunity to learn more about how, together, we can refine and strengthen the use of data and performance measurement within system planning to continue the important work of reducing the number of people experiencing homelessness in our communities. We look forward to partnering with you in this exciting endeavor.
