

Request for Inclusion or Revision to an Administrative Directive

Connecticut Department of Correction

CN 1301
REV 11/15/10

Administrative Directive Number: **10.7** Title: **Inmate Communications**

I recommend the following inclusion or revision to the above referenced Administrative Directive (provide detailed explanation):

I am requesting that the definition that is used to describe the pictorial depiction of nudity be changed. Currently the directive states: Pictorial depiction of nudity is defined as the visual depiction or display of genitalia, pubic region, buttock, or female breast at a point below the top of the areola that is not completely and opaquely covered.

The problem with this definition is that while implementing, every picture of a female wearing a bikini is rejected. This is the reality of the current swimsuit trend. Even though there is no display of the areola, part of the breast is visible below the top of the areola. This has resulted in the first ever rejections of the magazines "People" and "Vibe" due to sexually explicit material.

I am requesting that the definition be changed as follows: Pictorial depiction of nudity is defined as the visual depiction or display of genitalia, pubic region, buttock, or female breast where the areola is visible and not completely and opaquely covered.

This definition revision will change the criteria for review from a hard to define subject, below the top of the areola, to an easier one, the areola itself.
