General Instructions

The petroleum products gross earnings tax applies to all companies that are engaged in the distribution, use, or consumption of petroleum products in Connecticut. Those companies must pay a quarterly tax at the rate of 5% (.05) of gross earnings in each taxable quarter derived from the **first sale** of petroleum products in Connecticut. Where a company imports, or causes to be imported, petroleum products into Connecticut for sale, use, or consumption in Connecticut, the company must pay a quarterly tax of 5% of the consideration given or contracted to be given for the products, on which the tax has not been imposed, where the consideration given for those products **exceeds \$3,000 in any one quarter (effective October 1, 2001)**. For more information, see **Policy Statement 2001(10), Exemptions From Petroleum Products Gross Earnings Tax and Reduced Threshold for Imposition of Tax on Importers**.

Taxpayers must file a return for each calendar quarter by the last day of the month following the filing period shown on the return. If the due date falls on a Saturday, Sunday, or legal holiday, the next business day is the due date. A return must be filed even if no tax is due.

You must keep records documenting all sales and deductions for at least three years.
