A tax credit is also allowed against the corporation business tax in an amount equal to 50% of any donation of land for educational use made during any income year beginning on or after January 1, 2004.

For purposes of calculating the credit, the amount of donation shall be based on the difference between **use value** of the donated land and the amount received for the land.

Any remaining credit balance that exceeds the credit applied may be carried forward for 15 succeeding income years.
