## 2018 Program Report Card: Alternative in the Community (AIC) – (Judicial Branch)

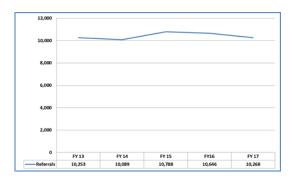

### Quality of Life Result: Connecticut families will live in safe communities.

Contribution to the Result: The goals of the Alternative in the Community (AIC) program are: (1) to reduce offender long-term recidivism; (2) change offender behavior resulting in more successful discharges; (3) provide a cost effective criminal justice response to criminal activity; and (4) increased offender accountability. All of these goals contribute to safer communities for Connecticut families.

Partners: Criminal Justice System (Judges, prosecutors, Victim Advocates, public defenders / private attorneys), Contracted, non-profit and for-profit treatment providers, Local and State Business officials, Other state agencies (DMHAS, DOC, DCF, DSS), Family members, and Criminal Justice Advocacy agencies.

# Number of Persons Referred – AIC, FY13-FY17

**Story behind the baseline**: After an upward trend in referrals for FY 15 and FY 16 then AIC network did see a downward trend for FY17.

### How Well Did We Do It?

# Reasoning and Rehabilitation Group Completion, 2013-2017

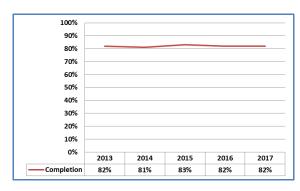

Story behind the baseline: Reasoning and Rehabilitation II (R&R II) is a 14-session group offered at the AIC that utilizes a cognitive-behavioral approach to behavior change. Research suggests and CSSD data has demonstrated lower long-term recidivism rates for those completing services. The goal was increased to 85% in 2016 to reflect consistent performance above the prior goal of 75%. The goal was exceeded with an 86% completion rate which is the highest the network has ever achieved.

# Treating Alcohol & Drug Dependence Group Completion Rate, 2013-2017

Story behind the baseline: Treating Alcohol/Drug Dependence is a 12-session curriculum aimed at reducing the use and abuse of alcohol and illegal substances that have contributed to criminal behavior. Due to high performance the goal was increased to 82% in 2016. The AIC network achieved the goal of 82% in 2016 and then again in 2017. This accomplishment is particularly impressive as the AIC clientele is increasingly comprised of opioid users as well as clients with a higher level of acuity.

Is Anyone Better Off?

Percent of Employment Services Completers Gaining Employment, 2013-2017

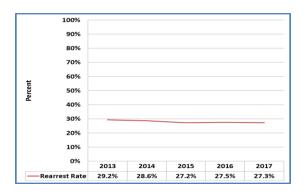

Story behind the baseline: This performance measure examines the rates at which clients that participate in Employment Services obtain employment prior to discharge from the AIC. This measure showed a general upward trend over the last five years. While 2017 resulted in a slight decline from previous year, the AIC network still exceeded the ambitious goal of 50% for the second consecutive year. CSSD has submitted a more detailed RBA Report Card that focuses on the how much, how well, and better off measures for this specific service in the AIC.

Note: 2017 reflects January through October's data. November and December 2017 numbers are currently unavailable due to recent data system modifications.

12-month Rearrest Rate for Completers 2013-2017

Story behind the baseline: This performance measure examines the rate at which clients who complete AIC services are re-arrested within 12 months of discharge. Lower re-arrest rates equates to greater public safety. Since the CT Legislative Program Review and Investigations Committee (LPRIC) reported a 44% recidivism rate for AIC completers in 2004, CT continues to see a steady rearrest decrease for AIC completers. In 2017, the recidivism rate dropped 0.2% to 27.3%. This modest reduction reflects continued positive achievement as the program moves closer toward a potential plateau.

### **Proposed Actions to Turn the Curve:**

- Convened a case management committee that created more detailed structure to case management services to further ensure appropriate targeting of criminogenic needs;
- Implement a new curriculum based group, Living Safely Without Violence, to specifically target the needs of women who are the both the victim and perpetrator of violence
- Periodically reevaluate metric goals to continue to strive for better outcomes;
- Implement an improved Quality Assurance (QA) scoring system in 2017 to measure the proficiency of AIC services;
- Implement an electronic assessment of client needs to more precisely identify appropriate AIC referrals;
- Analyze quantitative and qualitative data for the Utilizing New Initiatives with Today's Youth (UNITY) pilot program that focuses on emerging adult males ages 18-24. Recommend adjustments for more intensive services, while maintaining a teaming approach between probation officers and contracted providers;

## **Data Development Agenda:**

 Develop electronic transmission capabilities of court and progress reports to referral source for increased efficiency.
