The Honorable James A. Amann  
Speaker of the House  
Connecticut General Assembly

The Honorable Lawrence F. Cafero Jr.  
House Minority Leader  
Connecticut General Assembly

The Honorable Donald E. Williams, Jr.  
President Pro Tempore  
Connecticut General Assembly

The Honorable John McKinney  
Senate Minority Leader  
Connecticut General Assembly

This report fulfills the statutory responsibility of the Office of Policy and Management to report on the Personal Service Agreement contracting activity of state agencies pursuant to C.G.S. §§ 4-212 to 4-219, inclusive.

The statute generally provides that the Secretary of the Office of Policy and Management shall submit an annual report to the General Assembly summarizing information regarding Personal Service Agreements for the preceding fiscal year.

This report seeks to provide information to state legislators, policymakers, and the public about State agencies' Personal Service Agreement activity for fiscal year 2007.

We welcome your questions and comments.

## INTRODUCTION

### Purpose

This document summarizes information regarding Personal Service Agreements for fiscal year ending June 2007.

### Background

A *Personal Service Agreement* (PSA) is a duly executed and legally binding contract that defines the services or end product to be delivered by a Personal Service Contractor to a State agency. It is one of the primary mechanisms used by the State for procurement purposes. Typically, a PSA is used to purchase infrequent and non-routine services or end product, such as specialized health services, consulting services, technical assistance, and training. By law, no State agency may hire a Contractor to deliver such services or end product without first executing a PSA.

C.G.S. § 4-212 defines who is included and who is not included in the term “Personal Service Contractor.” Included is “any person, firm or corporation not employed by the State, who is hired by a State agency for a fee to provide services to the agency.” Not included in the term “Personal Service Contractor” are the following:

- (a) a person, firm or corporation providing contractual services to the State, as defined in C.G.S. § 4a-50;
- (b) certain consultants hired by the Department of Public Works, as defined in C.G.S. § 4b-55;
- (c) certain consultants hired by the Department of Transportation, as defined in C.G.S. § 13b-20b;
- (d) agencies of the federal government, State government, or political subdivisions of the State; and
- (e) certain consultants hired by the Department of Information Technology, as defined in C.G.S. § 4d-2(c)(5).

A State agency wishing to enter into a PSA must adhere to the requirements set forth in the Connecticut General Statutes, Title 4, Chapter 55a, Part II, Sections 212 - 219, inclusive. Section 4-217 requires the Secretary of the Office of Policy and Management (OPM) to establish standards for State agencies to follow when entering into a PSA. Pursuant to this statute, the standards must include, but are not limited to, (1) evaluating the need for a PSA, (2) developing a Request For Proposals, (3) advertising for Contractors, (4) evaluating submitted proposals, (5) selecting a Contractor, (6) monitoring and evaluating Contractor performance, (7) documenting the process for selecting and managing Contractors, and (8) carrying out any other aspect of such process.

Also pursuant to Section 4-217, each agency must establish written procedures for implementing the standards established by OPM’s Secretary. The written procedures must be submitted to the Secretary for approval. Upon receiving the Secretary’s approval, an agency may enter into a PSA based on the approved procedures. If the Secretary disapproves an agency’s procedures, OPM must return them to the agency with recommendations for revisions. No State agency may enter into a PSA unless the Secretary has approved the procedures established by an agency.

### Scope and Methodology

This report describes the contracting activities of executive branch agencies with respect to Personal Service Agreements. Activities of the legislative and judicial branches of state government are excluded from this discussion.

Each agency is required by statute to submit a semi-annual report (in January and July) to OPM concerning PSA activity. The data is reported according to the cost and term of the PSA: (1) PSAs having a cost of less than \$20,000 and a term of less than one year and (2) PSAs having a cost of more than \$20,000 but less than \$50,000 and a term of less than one year. The semi-annual reports include (a) the name of the contractor, a description of the services provided, the term and cost of the PSA, and the method of selecting the contractor and (b) the amount of any payments made during the previous six months. Data for PSAs having a cost of more than \$50,000 or a term of more than one year is collected using the State's centralized financial system (Core-CT).

OPM summarizes the information received and submits an annual report to the General Assembly. The data in this report represents PSAs that were in effect during FY2007. PSAs can range from a few months to several years in duration. Accordingly, the total dollar amount of a PSA may represent several years of activity. Also, many PSAs overlap during a fiscal year. For example, if a PSA ends December 31<sup>st</sup> and a new PSA starts with the same provider on January 1<sup>st</sup>, then two contracts (and two contract amounts) would be included in this report. In addition, several PSAs have open ended extended terms with large amounts associated with them. Due to these factors, this report represents several years of PSA contracting activity, not just annual activity.

The payment amounts presented in this report are payments made by State agencies to Personal Service Contractors during FY2007.
