### II. COST OF LONG-TERM CARE IN CONNECTICUT

The Partnership's publication, *Cost of Long-Term Care in Connecticut*, has been revised to reflect updated nursing facility and home care costs. The average private pay rate for a Connecticut semi-private nursing facility room increased **2.0%** from last year to **\$422 per day** or over **\$154,000 per year**. Over the last five years the inflation rate for nursing facility care has averaged **2.1%** per year and the average annual inflation rate since 1988 in Connecticut has been **5.0%**.

The **Cost of Long-Term Care** report also includes average private pay rates for a variety of home and community-based services, including skilled services, such as skilled nursing visits, and therapies and non-skilled services, such as adult day care and homemaker services.

The Partnership publication *Frequently Asked Questions* has also been revised to reflect the new long-term care cost information. These two publications, as well as others, can be downloaded from the Partnership's website by clicking on the following link:

## III. RATE INCREASE ACTIVITY

# **BRIGHTHOUSE** (old Travelers policies):

In October 2017, Brighthouse requested average rate increases ranging from 21% to 111%, depending on the policy form, for some older Partnership and non-Partnership policies. In January 2018, the Insurance Department approved average increases of 21% - 40%, depending on the policy form. In 2014, the Connecticut General Assembly passed Public Act 14-10 which requires that any premium increase of 20% of more be implemented over at least a three year period. Therefore, these increases will be implemented over a three year period.

## <u>CT LIFE AND HEALTH GUARANTY ASSOCIATION – AMERICAN</u> NETWORK:

As previously reported, effective March 1, 2017, Penn Treaty/American Network became insolvent and administration of their long-term care insurance policies was taken over by the Guaranty Associations in all the states where policyholders reside. In Connecticut, that is the CT Life and Health Guaranty Association (Association). In May 2017, the Association requested a 69% rate increase for all the American Network non-Partnership and Partnership policyholders who resided in Connecticut on the date the insurer went insolvent. In January 2018, the Insurance Department approved the 69% rate increase request which will be implemented over a three year period since it exceeds 20%.
