October, 2010

To the Leaders of the Connecticut General Assembly:

In accordance with Connecticut General Statutes § 2-32c, enclosed herewith is a listing of each state mandate on municipalities enacted by the General Assembly since the 2009 report.

The statutory definition of mandate utilized in this listing includes actions that require a local government to create, expand or modify its activities in such a way as to necessitate additional expenditures from local revenues. Specifically excluded are legislation enacted to comply with federal mandates and state actions that are necessary to comply with court orders.

The list of bills was developed by ACIR staff with the cooperation and assistance of the Office of Legislative Research, the Office of Fiscal Analysis, the Connecticut Conference of Municipalities and the Connecticut Association of Boards of Education. We believe that collectively we have identified all relevant legislation, but we welcome input on any additional mandates. We have identified six bills that we believe will have a moderate impact on municipalities. We have also identified fourteen bills which likely can be absorbed without additional appropriation but which have minimal fiscal impact. We have included an additional five bills which have the impact of a mandate, but which are directed at all entities, not specifically at municipalities.

This year, as in the recent past, the Connecticut General Assembly continued to review existing mandates and eliminate or reduce them whenever possible. As a result, we have included a section to the ACIR report that identifies these "unmandating" actions and have identified three bills that contain mandate reductions.

In addition to the listing of the bills as required in the statute, we have provided several additional pieces of information to assist the General Assembly.

Mandate Description - A short explanation of those portions of the bill which meet the mandate definition.

Committee(s) Reviewing Bill - A listing, beginning with the Committee of Cognizance, of all committees which considered the bill.

OFA Fiscal Impact Statement - We have included the statements, if any, used by the OFA to characterize the municipal fiscal impact of the mandate.

There is one final caveat that we urge legislators to consider in reviewing new mandates both in general and in each specific case. Each mandate contains its own set of issues and problems for local officials. In some cases, the costs are large and/or the requirements are very significant in and of themselves. In other cases, however, the single issue may involve relatively little money or relatively little time, but when combined with many other requirements placed on the same people (and system), there is a cumulative effect that has a substantial impact. This cumulative effect is often a significant hidden burden on municipalities and municipal officials.

The Commission urges the General Assembly to consider the impact of state mandates on local governments as being directly connected to the relationship between the State and its cities and towns. Each mandate that is unfunded or only partially funded is a direct addition to the burden of the property tax, as well as a reduction in local discretionary authority. State mandates represent decisions on local priorities being made in Hartford and, to the extent they are unfunded or underfunded, made by a state body which is separate from the local body that will have to raise the necessary funds. Similar consideration should be also be given to enacting mandates that are funded at the onset, but whose funding may subsequently be reduced or discontinued in future years.

If there are any questions regarding the enclosed report, the ACIR will provide additional information as requested.

Sincerely yours,

W. David LeVasseur
Chairman

State Mandate Definition Connecticut General Statutes

Sec. 2-32b(a)(2). (a) As used in this section:

(1) "Local government" means any political subdivision of the state having power to make appropriations or to levy taxes, including any town, city or borough, consolidated town and city or consolidated town and borough, any village, any school, sewer, fire, water or lighting district, metropolitan district, any municipal district, any beach or improvement association, and any other district or association created by any special act or pursuant to chapter 105, or any other municipal corporation having the power to issue bonds;

(2) "State mandate" means any constitutional, statutory or executive action that requires a local government to establish, expand or modify its activities in such a way as to necessitate additional expenditures from local revenues, excluding any order issued by a state court and any legislation necessary to comply with a federal mandate;

(3) "Local government organization and structure mandate" means a state mandate concerning such matters as: (A) The form of local government and the adoption and revision of statutes on the organization of local government; (B) the establishment of districts, councils of governments, or other forms and structures for interlocal cooperation and coordination; (C) the holding of local elections; (D) the designation of public officers, and their duties, powers and responsibilities and (E) the prescription of administrative practices and procedures for local governing bodies;

(4) "Due process mandate" means a state mandate concerning such matters as: (A) The administration of justice; (B) notification and conduct of public hearings; (C) procedures for administrative and judicial review of actions taken by local governing bodies and (D) protection of the public from malfeasance, misfeasance, or nonfeasance by local government officials;

(5) "Benefit spillover" means the process of accrual of social or other benefits from a governmental service to jurisdictions adjacent to or beyond the jurisdiction providing the service;

(6) "Service mandate" means a state mandate as to creation or expansion of governmental services or delivery standards therefor and those applicable to services having substantial benefit spillover and consequently being wider than local concern. For purposes of this section, applicable services include but are not limited to elementary and secondary education, community colleges, public health, hospitals, public assistance, air pollution control, water pollution control

and solid waste treatment and disposal. A state mandate that expands the duties of a public official by requiring the provision of additional services is a "service mandate" rather than a "local government organization and structure mandate";

(7) "Interlocal equity mandate" means a state mandate requiring local governments to act so as to benefit other local governments or to refrain from acting to avoid injury to, or conflict with neighboring jurisdictions, including such matters as land use regulations, tax assessment procedures for equalization purposes and environmental standards;

(8) "Tax exemption mandate" means a state mandate that exempts privately owned property or other specified items from the local tax base;

(9) "Personnel mandate" means a state mandate concerning or affecting local government: (A) Salaries and wages; (B) employee qualifications and training except when any civil service commission, professional licensing board, or personnel board or agency established by state law sets and administers standards relative to merit-based recruitment or candidates for employment or conducts and grades examinations and rates candidates in order of their relative excellence for purposes of making appointments or promotions to positions in the competitive division of the classified service of the public employer served by such commission, board or agency; (C) hours, location of employment, and other working conditions and (D) fringe benefits including insurance, health, medical care, retirement and other benefits.

Summary of OFA Municipal Fiscal Impact Statement (as relates to the mandate portion of the bill)

OFA did not see any fiscal impact on municipalities. However, ACIR believes that this bill could result in a cost.

PA 10-87 (HB 5120) An Act Concerning Private and Municipal Recycling, Zoning Ordinances and Solid Waste Collection Contracts.

Mandate Description

The bill requires that, no later than July 1, 2011, each municipality providing municipal curbside or backyard collection of solid waste also provide curbside or backyard collection of designated recyclable items. This provision does not apply to municipalities recycling a greater percentage of its solid waste than the state-wide average.

Summary of OFA Municipal Fiscal Impact Statement (as relates to the mandate portion of the bill)

Municipal Impact – It is anticipated less than five municipalities will incur a cost.

PA 10-92 (HB 5446) An Act Concerning Mass Gatherings.

Mandate Description

The bill eliminates a provision that had indemnified a municipality that had granted a license for a mass gathering from any liability or causes of action which might arise by reason of granting the license, and from any cost incurred in cleaning up any waste material produced or left by the assembly.

Committee(s) Reviewing Bill

Public Health – Committee of Cognizance

Summary of OFA Municipal Fiscal Impact Statement (as relates to the mandate portion of the bill)

Potential Impact – It eliminates provisions that mitigate municipal liability for causes of action that might arise from granting mass assembly licenses, thereby potentially increasing costs to municipalities.

PA 10-111 (SB 438) An Act Concerning Education Reform in Connecticut.

Mandate Description

The bill requires a board of education for a school district with a dropout rate of eight per cent or greater in the previous school year to establish an online credit recovery program and to designate an online learning coordinator to administer and coordinate the program. It also requires, beginning with the school year commencing July 1, 2011, that each local and regional board of education provide an advanced placement course program. It also expands the state-wide public school information system to require additional information and requires the superintendent of each local or regional board of education to continuously evaluate each teacher, using multiple indicators of student academic growth. It requires a school district to conduct two flexible parent-teacher conferences for each school year and amends 10-221a to increase, beginning in 2018, the number of credits students must complete before graduating from high school and to require students be provided remedial services to enable them to achieve the higher standard. It also amends 10-223e to require the school board of a school designated a failing school due to a failure to

make adequate yearly progress in mathematics and reading must establish a school governance council.

Committee(s) Reviewing Bill

Emergency Certification

Summary of OFA Municipal Fiscal Impact Statement (as relates to the mandate portion of the bill)

OFA did not see any fiscal impact on municipalities and said this section made “procedural and technical changes that are not anticipated to result in a fiscal impact.” However, ACIR believes that this bill could result in a cost to municipalities that might otherwise be able to implement budget savings.

MINIMAL MANDATES

PA 10-83 (HB 5033) An Act Providing a Partial Refund of the Sales Tax Imposed on the Sale of School Buses Equipped by the Manufacturer with Seat Safety Belts.

Mandate Description

The bill requires a school district that chooses to participate in a program offsetting a portion of the sales tax for the purchase of school buses equipped with 3-point lap/shoulder seat safety belts to provide written notice concerning the availability and proper use of such seat belts to a parent or legal guardian of each student who will be transported on such school bus and to instruct such students on the proper use, fastening and unfastening of such seat belts.

Finance, Revenue and Bonding

Summary of OFA Municipal Fiscal Impact Statement (as relates to the mandate portion of the bill)

Revenue Impact – Eligible facilities are eligible for property tax exemption for which the state only reimburses up to 50%. If the appropriation is insufficient to reimburse that amount, payments to all municipalities are reduced on a pro rata basis. To the extent that such financial incentives result in economic development that otherwise would not have occurred, the revenue loss could be offset by additional tax revenue from the creation of new or expansion of existing business.

PA 10-104 (HB 5027) An Act Establishing the University of Connecticut Health Network and Connecticut Bioscience Initiative.

Mandate Description

The bill amends Subdivision (a)(2) of Sec. 32-41s of the General Statutes to add Hartford and specific blocks, block groups and/or census tracts of Bristol, Farmington and New Britain to the list of areas for which tax exemption is available.

Committee(s) Reviewing Bill

Higher Education and Employment Advancement – Committee Of Cognizance
