1. **School Performance Best Practices:** In 250 words or less, summarize a successful school model resulting in strong student outcomes and a positive school climate during the 2018-19 school year. Describe the strategy and its impact on the school referencing quantitative data. Provide evidence of collaboration with local school districts in this area, as appropriate.

For the 2018-19 school year we deepened our understanding of the CT State Standards as we began to refine our curriculum using data to increase time on key units and high leverage standards. Teachers used a more focused approach with the incorporation of data team time into our professional development schedule, and created interdisciplinary plans around ELA and math standards. This began to bridge the gap between the NY Engage Curriculum and the gaps that they saw with students when analyzing work and assessments. This proved effective with ELA increases on SBAC and ELA and math increases on NWEA.

For the 2018-19 school year, we saw a significant reduction in Out of School Suspensions (42% reduction) and a significant reduction in suspension rate (from 28% to 15.5%). This was accomplished through professional development of teachers on how to address many common issues at the classroom level, reduce escalation of incidents, and promote school and home communication around academic and behavioral concerns. We were able to implement a more effective and consistent mediation structure for students through Restorative Practice training.

For the 2018-19 school year we continued to use our tutoring model through AmeriCorps to increase time on task for students. Tutorial, approximately 60 minutes, provides additional small group instruction for all students in math and ELA. This model was enhanced with the introduction of class aligned task cards to help mirror the work being done in students primary content areas.

PART 2: SCHOOL PERFORMANCE

2. **School Goals:** State the school's mission statement. Provide the school's mission-specific, measurable goals. Analyze school progress toward these goals, providing data as appropriate. Add/Remove rows, as necessary.

Mission Statement:

The mission of the Great Oaks is to prepare students for college success through high-dosage tutoring, quality instruction, and a focus on career and college readiness

Goal Statement:	Evidence of Progress toward Goal:
High Dosage Tutoring	Students are assigned for at least 400 minutes per
	week of tutoring split between ELA and Math at the
	middle school level. Students are assigned for 100
	minutes of tutoring in each: ELA, History and STEM per
	week. This is accomplished through our partnership
	with AmeriCorps.
Quality Instruction	Teachers are given 2 hours of Professional
	Development weekly (scheduled), inclusive of guided
	data teams, targeted growth areas developed through
	observations using the Marshall Rubric, curriculum
	and instruction guidance provided through the Great
	Oaks Foundation, work on developing rigor in the
	classroom through SDE, and instruction feedback at
	least once monthly for all teachers.
Career and College Readiness	Students are exposed to college options, have college
	trips planned, and have career opportunities
	presented during their seminar classes. Great Oaks is
	currently working with the Barr foundation around
	effective High School Design and a strong CTE model.
	We currently have a partnership with Housatonic
	Community College that will allow many of our 11 th
	grade students to earn college credit this year at no
	cost to them.

Upon enrollment and after documentation is receive, we reach out to parents in order to meet and discuss how their children have had success or why success has been difficult to achieve. We ensure that our services are aligned to the PPT of the student, or the hours of service needed for a student, in an effort to promote success for all learners.

GO-BPT ensures that staff is given full training with regard to Title VI, Title IX, and all related mandated reporter training at the beginning of the school year. 8. **Renewal Terms and Other Issues:** Provide a progress update on terms established in the charter school's most recent renewal; summarize actions taken and progress data to substantiate efforts to address such terms. Provide an update on how the charter school is addressing or plans to address the issues noted. The chart below is pre-populated to include terms documented in the school's last renewal resolution or issues identified by the CSDE.

Standard/Indicator:	Term or Condition:	Progress Update:
1.1 Academic Achievement	By April 5, 2019, the school was required to submit a Corrective Action Plan to address measures to improve its academic achievement. Many of the school's Performance Index rates (1a1d.) and Average Percentage of Growth Targets Achieved (2a2d.) in the 2017-18 Next Generation Accountability Report have slipped below Bridgeport, the host district.	In the area of ELA our Accountability shows that we are currently out performing our host district. Additionally, we have made progress towards our Average Percentage of Growth Achieved. We have addressed many math and ELA concerns through additional curriculum work and a redesign of our tutorial model that include in class support for all students. The curriculum is also clearly defined and aligned with all CT State Standards and contains skills alignment developed by our teachers through professional development for ELA and math.
1.4 Chronic Absenteeism	By April 5, 2019, the school was required to submit a Corrective Action Plan to target and address its chronic absenteeism. The school's chronic absenteeism rate for the 2016-17 school year was 11.0%, whereas the state average was 9.9%. The school's rate for the 2017-18 school year was 18.0%, which remains above the state average of 10.7%.	The school has developed an Attendance Team that will meet weekly. Additionally, the school is using the tools developed and promoted by Attendance Works. The school is taking advantage of attendance training offered by SERC as well as other outlets. The school is enhancing communication and has communicated the attendance policy to all families at the beginning of the school year. Communication enhancement includes consistent parent notification, communication around the importance of attendance, partnering with local health facilities, and the switch to PowerSchool for more accurate data tracking.
3.5 School Culture and Climate	By April 5, 2019, the school was required to submit a Corrective Action Plan to minimize behavioral incidents resulting in suspensions. For the 2016-17 school year the school's suspension rate was 38.5%, while the state average was 6.7%. The school's rate for the 2017-18 school year was 28.1%, above the state average of 6.8%.	At the end of the school year for 2018-19 we had a suspension rate of 15.5% of students, down almost 13% from the previous year. To continue building our program, we have redesigned our Code of Conduct to focus more on Restorative Practices, intervention, and have included behavioral components into our SRBI model. This will allow us to serve the whole child better as we move forward.

	By April 5, 2019, the school was required to submit a Corrective Action Plan to bring its staff into certification compliance.	As of September, 2019, we have increased our percentage of certified staff to slightly below 50% while we
4.5 Teacher/Staff Credentials	As of May 2019, the Bureau of Educator Standards and Certification reported 14 staff identified in the Educator Data System as being out of compliance for the 2018-19 school year. It is the responsibility of the school to take steps to make certain that 100% of the staff holds appropriate authorizations for their positions.	continue to work on certification as a priority. We have made significant progress by hiring certified staff members over the summer, supporting teachers in obtaining certification, and meeting twice monthly with teachers to check on certification status and progress towards certification.

9.	Stewardship, Governance, and Management Best Practices: In 250 words or less, summarize processes
	established in the areas of stewardship , governance , and management (e.g., financial management,
	reporting compliance, sustaining financial viability, and school operations), to ensure the school is financially

11. **Enrollment Efforts:** Summarize the school's efforts to attract, enroll, and retain a diverse and representative student population, including minority students, low-income students, English learners, and students with disabilities.

Great Oaks Bridgeport Charter School Operations team and members of the Great Oaks Foundation partnered with members from the community including parents and a representative from the Northeast Charter School Network to carry out a comprehensive recruitment strategy. Our recruitment strategy consisted of school based open houses, targeted mailings, direct outreach through community canvasing, in person presentations at community-based organizations, and online advertising. Our recruitment team has been strategic in sharing the opportunity for low-income families and minorities to apply while canvasing and distributing marketing material, by targeting local low-income housing areas, and additional community-based organizations that service low income and minority families such as Optimus Health Care, and the local Boys and Girls Club. This has proven to be effective as is evident in our 86.5% student population that is currently enrolled and qualifies for free and reduced-price lunch compared to 57.2% in the district.

Our Great Oaks recruitment team have also made strategic efforts to recruit English learners. All of our marketing material is printed in English and Spanish. Spanish speaking members of our recruitment team have presented Spanish led presentations at local Hispanic religious organizations. We have also partnered with and done direct outreach with members from local Hispanic organizations including Bridgeport Caribe Youth Leaders and the Greater Bridgeport Latino Network. Our efforts to recruit students with disabilities have focused primarily on clearly advertising the resources and services we provide to our student with disabilities. Our marketing materials highlights our unique academic model including our unparalleled personalized instruction and our tutor model which highly attracts families of students with disabilities. We also provide push in support by members of our special services team. Our range of special services have also been presented to parents during our open houses and at community outreach initiatives.

13. **Student Population Best Practice:** In 250 words or less, summarize systems used in the area of student population (e.g., family and community engagement, recruitment processes, retention strategies), to ensure the school promotes equity by effectively attracting, enrolling and retaining students particularly among targeted populations. Include a brief narrative on the school's unique model and describe the strategy and its impact on the school referencing quantitative and qualitative data. Provide evidence of collaboration with local school districts in this area, as appropriate.

Great Oaks Bridgeport Charter School was founded with the intention of becoming an environment committed to the English Language Learner Population of Bridgeport and has also become a go to destination for families of students with special education needs as well. To ensure that our student population is diverse we utilize ambitious recruitment strategies. This includes partnerships with our parents through referral incentives, and the assistance of community members who we contracted to assist with canvasing and contacting families. We work closely with our host district through the attendance of professional development, discussions around curriculum, and discussions of delivery models inclusive of our tutorial model.

We have a weighted lottery that favors ELL students. Our reputation for servicing the special needs student population can be highly attributed to our inclusive environment and unique Tutor Corps Model through which each Great Oaks student receives at least two periods of personalized tutoring in ELA and Math every day from our cohort of full-time tutors.

We have combined average of 32% of students with special needs and limited English proficiency. In addition to this, to gauge retention of our entire student population, we administered an intent to return survey to families in February. This allowed our staff to engage in conversations with parents who may have been considering other options for their student and find out how we could best meet their needs, through this strategy we were able to retain families that were considering other school options. We believe that retaining students within the population that we serve is also highly dependent on great instruction and academic results, to that end we implemented regular reviews of data to ensure that our entire student population could receive the support and resources needed to be successful.

APPENDIX B: 2020-22 TWO YEAR PRELIMINARY ENROLLMENT REQUEST

Directions: On an annual basis, charter schools must submit an enrollment request for the following school year. Consistent with C.G.S. § 10-66bb(c), the State Board of Education considers enrollment requests in the context of each school's charter and record of student achievement.

C.G.S. § 10-66bb(c)(2) places an enrollment cap on the number of students that a state charter school may enroll. However, charter schools with a demonstrated record of achievement may seek a waiver. If the school submitted 2020-21 and enrollment request 2021-22 requires an enrollment waiver, please specify that below.

1. Complete the table below providing the school's enrollment and growth history. Submit an enrollment request and growth projections for the upcoming school year.

 Based on the requests entered above, is the school seeking a waiver to the enrollment cap described in C.G.S. § 10-66bb(c)(2), no state charter school shall enroll more than two hundred fifty students, or in the case of a kindergarten to grade eight, inclusive, school, more than three hundred students, or twenty-five per cent of the enrollment of the school district in which the state charter school is to be located, whichever is less. Provide a rationale for the enrollment request(s), by school year, including a synop 									⊠ is of a		□ No				

Provide a rationale for the enrollment request(s), by school year, including a synopsis of all relevant assumptions.

As we fill our new facility, we are looking to include more students from different areas of the city to be part of the Great Oaks Charter family. We are taking a more aggressive approach towards recruitment by making sure the community is aware of a mission and vision, and that we are an inclusive school welcoming to all students with any needs. The increased request for students will allow us to reach out to a broader base as we look to create a diverse middle and high-school, also allowing for us to keep a robust student base through natural attrition.

4. Summarize the school's plans to successfully expand and accommodate the needs of the students served (e.g., programming, staffing, facilities, and class size).

Great Oaks Charter of Bridgeport has relocated to a brand-new 70,000 square foot facility that is inclusive of Science labs, open shared spaces, classroom spaces, specific tutorial spaces, and areas that will allow for student physical activity. This is also inclusive of spaces for EL services and Special Education Services designed to meet the current and future needs of our students. An added feature to our building is access to a community room behind the school as well as a media center, an art studio to enhance learning opportunities, and an outdoor space for student use. Our rooms are designed to have small pull out areas that allow of easier access for support staff as well as for small group student centered learning through stations.

We are currently implementing new models for Special Education students, and for high school design for special education with a reduction in the pull-out service model as appropriate, and more integrated bilingual opportunities for our Limited English students.

APPENDIX C: CHARTER SCHOOL PERFORMANCE FRAMEWORK

The Connecticut State Department of Education's (CSDE) charter school performance framework promotes clear and transparent expectations for all charter schools. Independent Auditor's Report on Financial Statements and Supplementary Information

Board of Trustees Great Oaks Charter School-Bridgeport Bridgeport, Connecticut

We have audited the accompanying financial statements of Great Oaks Charter School-Bridgeport, which comprise the balance sheet as of June 30, 2018, and the related statements of activities, functional expenses and cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Great Oaks Charter School-Bridgeport as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion based on our audit, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Prior Year Audited by Other Auditors

The June 30, 2017 financial statements were audited by other auditors, and the report thereon, dated December 13, 2017, expressed an unmodified opinion.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2018 on our consideration of Great Oaks Charter School-Bridgeport's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Great Oaks Charter School-Bridgeport's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Great Oaks Charter School-Bridgeport's internal control over financial reporting and compliance.

Note 1: Nature of Organization

Great Oaks Charter School-Bridgeport (GOCS-B) is an educational corporation that operates as a charter school in Bridgeport, Connecticut. On April 2, 2014, the State Board of Education of the State of Connecticut granted GOCS-B a provisional charter valid for a term of 5 years and renewable upon expiration. The school was granted a charter from grades 6-12. GOCS-B was organized to create a rigorous, supportive middle and high school program that ensures its graduates have the requisite knowledge and habits of mind to earn a degree from a competitive four-year college or University. During fiscal years 2018 and 2017, GOCS-B operated classes for 400 and 324 students in grades 6 through 9.

Great Oaks Charter School-Bridgeport is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, however, GOCS-B is subject to federal income tax on any unrelated business taxable income. GOCS-B is supported primarily by state and local per-pupil operating revenues. GOCS-B is supported primarily by state and local per-pupil operating revenues and government contracts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash - Reserve Fund

GOCS-B maintains an operating deficit reserve fund under their loan agreement with Boston Community Loan Fund, Inc. These funds are required to remain segregated until the loan is fully drawn down.

Fixed Assets

Fixed assets are recorded at cost less accumulated depreciation. Items with a cost of \$2,500 and an estimated useful life of more than one year are capitalized. Depreciation is provided on the straight-line basis over the estimated following useful lives of assets. Amortization of leasehold improvements is computed using the straight-line method over the lesser of the term of the lease or their estimated useful lives.

Notes to Financial Statements June 30, 2018 and 2017

Long-lived Asset Impairment

GOCS-B evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value. No asset impairment was recognized during the years ended June 30, 2018 and 2017.

Leases

Leases are classified as operating or capital leases in accordance with the terms of the underlying agreements. Capital leases are recorded at the lower of the fair market value of the assets or the present value of the minimum lease payments and are amortized over the lease term or estimated useful life of the assets, whichever is shorter, unless the lease provides for transfer of title or includes a bargain purchase option, in which case the lease is amortized over the estimated useful life of the asset. Operating lease payments are charged to rent expense. Rent expense is recorded on the straight-line basis over the term of the lease, unless another systematic and rational basis is more representative of the time pattern in which use benefit is derived from the leased property, in which case that basis shall be used.

Allowance for Doubtful Accounts

GOCS-B determines whether an allowance for uncollectibles should be provided for receivables. Such estimates are based on management's assessment of the aged basis of its receivables, current economic conditions and historical information. Receivables are written off against the allowance for doubtful accounts when all reasonable collection efforts have been exhausted. GOCS-B has determined that no allowance for uncollectible accounts for grants and contracts receivable is necessary as of June 30, 2018 and 2017.

Unrestricted Net Assets

Unrestricted net assets include funds having no restrictions as to use or purpose imposed by donors.

Temporarily Restricted Net Assets

Temporarily restricted net assets are those whose use by GOCS-B has been limited by donors to a specific time period or purpose.

State and Local Per-Pupil Operating Revenues

Revenues from the state and local governments resulting from GOCS-B's charter status and based on the number of students enrolled are recorded when services are performed in accordance with the charter agreement. These grants are recorded as revenue by GOCS-B when services are rendered.

Notes to Financial Statements June 30, 2018 and 2017

Government Grants and Contract Receivables

Revenues from government grants and contracts to which GOCS-B is entitled are recognized mostly on student enrollment. Some grants are provided for specific educational endeavors which are not based on student enrollment and are recorded when related expenditures are incurred by GOCS-B. Receivables are recorded when the revenue is earned.

Contributions

Unconditional contributions, including promises to give cash and other assets, are reported at fair value at the date the contribution is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Gifts and investment income that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as temporarily restricted and then released from restriction.

Conditional gifts depend on the occurrence of a specific future and uncertain event to bind the potential donor and are recognized as assets and revenue when the conditions are substantially met and the gift becomes unconditional.

Functional Allocation of Expenses

The costs of providing services have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on the actual expenditures and cost allocations estimated by GOCS-B's personnel.

Advertising Costs

Advertisings costs are expensed as incurred.

Subsequent Events

Subsequent events have been evaluated through December 19, 2018, which is the date the financial statements were available to be issued.

Note 5: Contingencies and Concentrations

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursement. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

Notes to Financial Statements June 30, 2018 and 2017

For fiscal years 2018 and 2017, 79% and 72%, respectively, of GOCS-B's operating revenue is paid by the State Board of Education of the State of Connecticut.

Note 6: Academic and Business Services Agreement

The School entered into an Academic and Business Service Agreement with Great Oaks Foundation, Inc., (GOF) a not-for-profit organization dedicated to help start and run charter schools. The agreement provides academic, management and other administrative support services to GOCS-B. Pursuant to the terms of the agreement, GOCS-B shall pay 10% of the Non-Competitive public revenues of GOCS-B, exclusive of Special Education Services, as set forth in the budget adopted by the Board of Trustees prior to the commencement of the fiscal year.

The Academic and Business Service Agreement is subject to one-year renewal periods until the expiration of GOCS-B's charter. The term of the agreement was renewed for one year and will be ending on June 30, 2019.

The School paid GOF fees of \$802,750 and \$657,778 in 2018 and 2017, respectively.

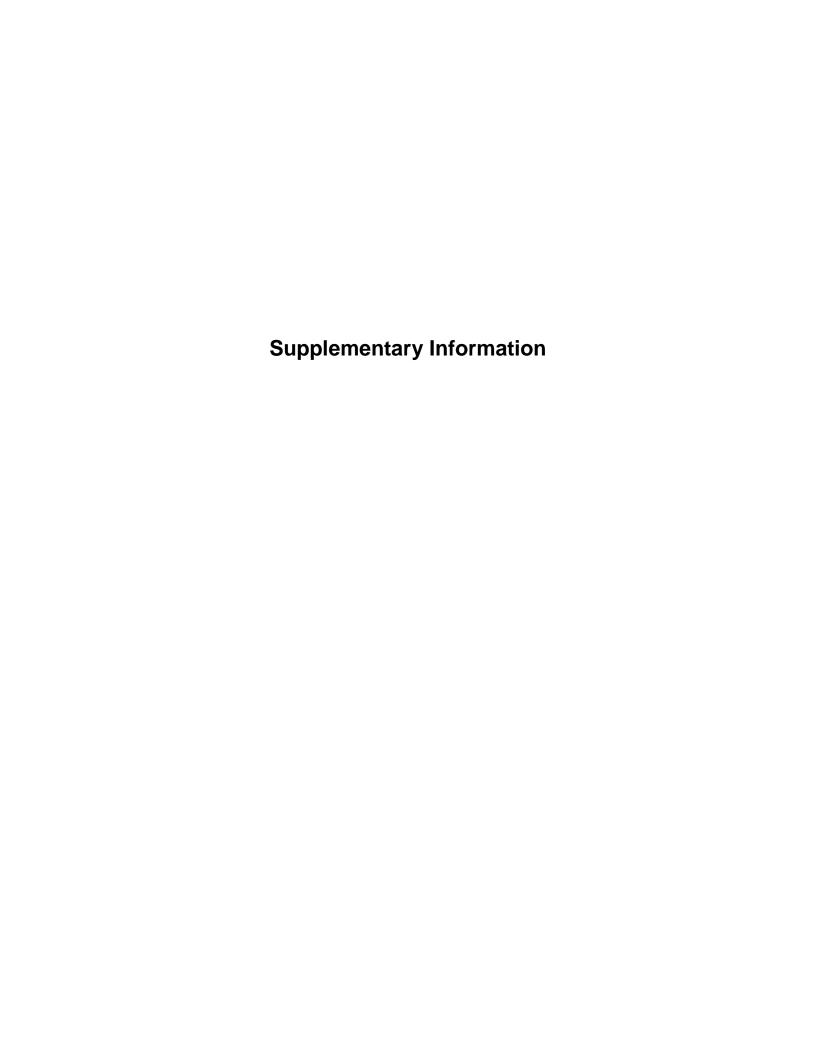

Note 7: In-kind Revenues

In addition, the Town of Bridgeport provided transportation services to the students of GOCS-B valued at \$342,358 and \$362,887 for the years ended June 30, 2018 and 2017, respectively.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditor's Report

Board of Trustees Great Oaks Charter School-Bridgeport Bridgeport, Connecticut

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Great Oaks Charter School-Bridgeport, which comprise the balance sheet as of June 30, 2018, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 19, 2018 which contained a reference to prior year auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Great Oaks Charter School-Bridgeport's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Great Oaks Charter School-Bridgeport's internal control. Accordingly, we do not express an opinion on the effectiveness of Great Oaks Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2018-001 through 2018-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Great Oaks Charter School-Bridgeport's internal financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Great Oaks Charter School-Bridgeport's Response to Findings

Great Oaks Charter School-Bridgeport's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Great Oaks Charter School-Bridgeport's response was not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

We have audited Great Oaks Charter School-Bridgeport's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Great Oaks Charter School-Bridgeport's major federal programs for the year ended June 30, 2018. Great Oaks Charter School-Bridgeport's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs – federal awards.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Great Oaks Charter School-Bridgeport's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Great Oaks Charter School-Bridgeport's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Great Oaks Charter School-Bridgeport's compliance.

Opinion on Each Major Federal Program

In our opinion, Great Oaks Charter School-Bridgeport complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of Great Oaks Charter School-Bridgeport is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Great Oaks Charter School-Bridgeport's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Great Oaks Charter School-Bridgeport's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs – Federal Awards Year Ended June 30, 2018

Section II - Financial Statement Findings

2018-001 - Segregation of Duties

Criteria

The accounting functions should be properly segregated to ensure proper internal controls over financial reporting.

Condition

The current staff size of the School does not always allow for the proper segregation of duties related to cash receipts, cash disbursements, journal entries and payroll.

Effect

Administrative staff has the ability to misappropriate assets with limited supervision.

Cause

Current staffing sizes restricted the ability to segregate the job functions.

Recommendation

We recommended that the School establish compensating controls in each area described above.

Views of Responsible Officials

Management agrees with the comment and has implemented additional segregation of duties and functions.

2018-002 - General Ledger

Criteria

The School should update and reconcile all material accounts on an ongoing basis.

Condition

Due to a vacancy in the controller position, many accounts were not reconciled during the year.

Schedule of Findings and Questioned Costs – Federal Awards Year Ended June 30, 2018

Effect

At year end, the general ledger required significant entries to be recorded to reconcile many of the general ledger balances. This also delayed the audit process.

Cause

Vacancy in a position left items unreconciled during the year.

Recommendation

We recommended that the School establish procedures to ensure that all material general ledger accounts be reconciled and reviewed on a monthly basis.

Views of Responsible Officials

Management concurred with our comment and monthly recommendations are being performed.

Section III - Federal Award Findings and Questioned Costs

No current year findings and questioned costs reported.

A department and agency of the State of Connecticut has provided financial assistance through grants and other authorizations in accordance with the general statutes of the State of Connecticut. Because the Schedule presents only a selected portion of the operations of Great Oaks Charter School-Bridgeport, it is not intended to and does not present the financial position, changes in net assets or cash flows of Great Oaks Charter School-Bridgeport.

Note 2: Summary of Significant Accounting Policies

The accounting policies of Great Oaks Charter School-Bridgeport conform to accounting principles generally accepted in the United States of America as applicable to not-for-profit organizations. These grant program receipts are reflected in the expenditures column of the schedule of expenditures of state financial assistance.

Report on Compliance for Each Major State Program; and Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act

Independent Auditor's Report

Board of Trustees Great Oaks Charter School-Bridgeport Bridgeport, Connecticut

Report on Compliance for Each Major State Program

We have audited Great Oaks Charter School-Bridgeport's compliance with the types of compliance requirements described in the Office of Policy and Management Compliance Supplement that could have a direct and material effect on Great Oaks Charter School-Bridgeport's major state program for the year ended June 30, 2018. Great Oaks Charter School-Bridgeport's major state program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs – state awards.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Great Oaks Charter School-Bridgeport's major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State Single Audit Act* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Great Oaks Charter School-Bridgeport's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major state program. However, our audit does not provide a legal determination of Great Oaks Charter School-Bridgeport's compliance.

Opinion on Each Major State Program

In our opinion, Great Oaks Charter School-Bridgeport complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state program for the year ended June 30, 2018.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the *State Single Audit Act* which is described in the accompanying schedule of findings and questioned costs – state awards as item 2018-003. Our opinion on the major state program is not modified with respect to this matter.

Great Oaks Charter School-Bridgeport's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs – state awards. Great Oak Charter School-Bridgeport's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Great Oaks Charter School-Bridgeport is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Great Oaks Charter School-Bridgeport's internal control over compliance with the types of requirements that could have a direct and material effect on the major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major state program and to test and report on internal control over compliance in accordance with the *State Single Audit Act*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Great Oaks Charter School-Bridgeport's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs - state awards as item 2018-003 that we consider to be a significant deficiency.

Great Oaks Charter School-Bridgeport's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs – state awards. Great Oak Charter School-Bridgeport's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State Single Audit Act*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act

We have audited the financial statements of Great Oaks Charter School-Bridgeport, as of and for the year ended June 30, 2018 and have issued our report thereon dated December 19, 2018, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the *State Single Audit Act* and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated in all material respects in relation to the financial statements as a whole.
