# SPECIAL EDUCATION GRANT PROGRAMS

## Introduction

---

**PURPOSE:** The purpose of these grant programs is to provide federal entitlement funds to eligible applicants to assist with the excess costs of providing special education and related services to children with disabilities (as defined by 34 Code of Federal Regulations [CFR] Sections 300.16 and 300.202). Amounts provided to the local education agency (LEA) must be expended in accordance with the applicable conditions as stated in the Act, 34 CFR Section 300.202; see also, <http://idea.ed.gov/download/finalregulations.pdf>.

**ELIGIBILITY:** An LEA is eligible for assistance under Part B of the IDEA for a fiscal year if the LEA submits a plan that provides assurances to the State Education Agency that the LEA meets each of the conditions in the Act (20 USC Section 1413(a)). Section 619 entitlement funds are provided for children with disabilities, ages 3 to 5; Section 611 entitlement funds are provided for children with disabilities, ages 3 to 21.

**FISCAL CONCERNS:** Funds provided to an LEA under this Act must not be used to reduce the level of expenditures for the education of children with disabilities made by the LEA from local funds below the level of those expenditures for the preceding year (as defined by 34 CFR 300.203). Funds must be used to supplement state, local and other federal funds and not supplant those funds (as defined by 34 CFR 300.202(a)(3)). Supplanting occurs when the LEA's local special education budget is less than the previous year's local special education budget.

School districts must ensure that expenditures of grant funds adhere to the purpose and intent of the IDEA. Eligible school districts must meet the requirements contained in the IDEA, including the prohibition of commingling. LEAs must use a separate accounting system that includes an audit trail of the expenditure of funds received under this Act (as defined by 34 CFR Section (300.162 (d)).

**APPLICATION:** The grant application for the grant programs under Sections 611 and 619 must address the intent of the IDEA and should consider the State Board of Education's goals, as detailed below:

- Goal 1: *High-quality preschool education for all students;*
- Goal 2: *High academic achievement of all students in reading, writing, mathematics and science; and*
- Goal 3: *High school reform.*

The Connecticut State Department of Education (CSDE) encourages school districts to develop the application with a "whole child perspective." Grantees should coordinate with other federal and state activities.

### SPECIAL EDUCATION GRANT PROGRAMS

#### Parentally Placed Private School Students

---

##### **ELIGIBLE STUDENTS PLACED BY THEIR PARENTS IN A NONPUBLIC SETTING:**

IDEA regulations mandate that school districts receiving IDEA funding expend a proportionate amount of funding for the benefit of eligible students who had a free appropriate public education (FAPE) made available and whose parents elected to place their child in private elementary or secondary schools. For example: if 2 percent of a school district's identified students with disabilities (aged 3-21) are placed in nonpublic schools by their parents, the school district has the obligation to expend an amount equal to 2 percent of the district's IDEA grant or grants pursuant to Section 300.133(a), as applicable, for the benefit of those students. The proportional expenditure obligation for school districts applies to the IDEA Part B, Sections 611 and 619 grant programs. Every LEA, under Section 300.133 (c), is required, as part of its consultation with private schools, to determine the number of students with disabilities regardless of whether they are or are not receiving special education services under a Services Plan. LEAs may provide services to children served on the premises of private, including religious, schools to the extent consistent with state law.

##### **NONPUBLIC INFORMATION:**

1. PLEASE INCLUDE A COPY OF "*CONSULTATION WITH PRIVATE SCHOOLS*" FORM-Section 2A.
2. If any private school did not attend your consultation meeting, please forward to the Bureau of Special Education a copy of an additional, completed Section II signed by that school official.
3. The following information refers to parentally placed private school students only:
  - A. **The district's total number of students with disabilities, on October 1, 2013, who were parentally placed private school students and whose private schools fall within the district's geographical boundaries, regardless of whether they have or do not have a Services Plan:** \_\_\_\_\_

**(Example):** John Smith is a student who was identified by his LEA in May 2012 as a student with a disability. However, his parents elected to enroll John in a private school on September 2012. Since that time, John has not received any special education services. Although John does not presently have a Services Plan, the LEA should be including him in this total.

## SECTION 2A

### Consultation with Private Schools: LEA \_\_\_\_\_

This annual consultation, which is required by the IDEA, with private, not for profit, elementary and secondary school representatives and parent representatives, must include the following:

1. A description of the district's child find procedures and a determination of how parentally placed private school children with disabilities can participate equitably.
2. The determination of the proportionate amount of federal funds available to serve parentally placed private school children with disabilities, including how that amount was calculated.
3. A description of the consultation process among the LEA, private school officials and representatives of parents of parentally placed private school children with disabilities, including how the process will operate.
4. A description of how, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities. Such description shall include a discussion of the types of services, including direct services and alternate service delivery mechanisms, how the service will be apportioned if there are insufficient funds to serve all the children and how and when these decisions will be made.
5. How, if the LEA disagrees with the views of the private school officials on the provision of services or types of services, the LEA will provide to the private school officials a written explanation of the reasons why the LEA chose not to provide services directly or indirectly or through a contract.

**LEAs should contact private school principals to obtain names of parent representatives to attend this meeting or use their ongoing census to determine parent representatives to be invited to the consultation meeting.**

Private nursery, preschool and day care centers that do not have at least a kindergarten component are not required to be invited.

**There are no private schools in operation within the physical boundaries of our school district.**

**The following representatives of private schools/parents attended a meeting, required by 20 U.S.C Section 300.134, designed to address the consultation process, including all the components listed above. This meeting was held on \_\_\_\_\_:**

**Signature of Private School Official/Parent**

**Private School**

**Use additional forms if necessary.**

**SECTION 3**

---

**SPECIAL EDUCATION GRANT PROGRAMS**Grant Budgets, ED114

---

**DIRECTIONS:** Applicants must complete and submit a State Budget Form, ED 114, for each of their IDEA, Section 611 and Section 619 entitlements. The ED 114 must reflect a proposed line item budget that corresponds to the intended goals, objectives and activities proposed in the grant application. Applicants must submit the IDEA grant budgets electronically through the CSDE's Prepayment ED 114 Grant System. Questions regarding this system should be addressed to Karen Calabrese at the Bureau of Grants Management 860-713-6472.

**NOTE ON THE IDEA BUDGETS**

1. Administrative expenditures (salaries, clerical salaries and administrative supplies) are limited to a maximum of 10 percent of an eligible district's total entitlement for both Section 611 and 619.
2. For audit purposes, grantees must be able to demonstrate that expenditures for salaries are justified by time records and demonstrate the percentage of time that these individuals are involved in IDEA activities.
3. Purchase of equipment (Line Item 700) is limited to instructional equipment and assistive technology devices equal to or greater than \$5,000 per unit, which will allow a child or children to benefit from special education and related services.
4. Instructional equipment and assistive technology devices less than \$5,000 per unit, which will allow a child or children to benefit from special education and related services, should be placed in Line Item 690.
5. IDEA funds may only be used for the excess costs associated with the provision of special education and related services to eligible children. However, 15% of the total grant may be used for Coordinated Early Intervening Services (CEIS). APPLICANTS MUST DOCUMENT SUCH USE OF GRANT FUNDS ON THE "NOTICE OF INTENT TO USE IDEA FUNDS FOR COORDINATED EARLY INTERVENING SERVICES" (PLEASE REFER TO SECTION 5).
6. Grantees must use funds to supplement, not supplant local expenditures.
7. Eligibility for IDEA funding is based upon a LEA's/agency's demonstration of its "Maintenance of Effort" which the CSDE Division of Grants Management will calculate for each LEA. If the CSDE identifies an issue concerning a LEA's eligibility CSDE will contact the grantee.
8. The following ED 114s must be submitted electronically utilizing the State's electronic Prepayment Grant System.

## IDEA PROGRAM OPTION A:

### SCHOOLWIDE PROGRAM

#### NOTE ON SCHOOLWIDE PROGRAMS

Under the 34 CFR Section, 300.206, an eligible school district may choose to use a portion of its FY 2015 entitlement (either Section 611, Section 619 or both) to operate a 'schoolwide program'. These programs can operate only in individual schools defined as eligible for a schoolwide program under Section 1114 of the Elementary and Secondary Education Act (ESEA). IDEA funding for schoolwide programs can be intermingled with other funding for program operations. The maximum amount of IDEA, Part B funding available for use in a schoolwide program is determined by multiplying the number of students having identified disabilities in that particular eligible school by the per child IDEA, Part B entitlement (either Section 611, Section 619 or both) for FY 2015. Those applicants interested in applying for an IDEA Schoolwide Program Option should consult with their CSDE, ESEA, Title I contact person to determine if their school district is eligible for a 'schoolwide program'.

#### **DIRECTIONS: Complete this section IF your district chooses to implement Option A: A Schoolwide Program in FY 2015.**

**SECTION 9**

---

**LEA MAINTENANCE OF EFFORT (MOE)**FY'13 Expenditures, FY'14 and FY'15 Special  
Education Budgets

---

For an LEA to qualify for federal IDEA funds under the MOE guidelines, it must demonstrate that it has budgeted at least as much in state and local funds as they expended in the previous fiscal year for the education of students with disabilities (the standard for determining eligibility for funds described in Section 300.203(b) compares the amount budgeted for the year for which the LEA is applying for Part B funds to the amount expended in the most recent prior year for which data are available.)

In order to substantiate your LEA's maintenance of effort (MOE), please attach a copy of the district's FY'13 expenditures, the district's current FY'14 local special education budget and the district's proposed FY'15.

**SECTION 10**

---

**EXCESS COSTS CALCULATIONS (ELEMENTARY AND SECONDARY)**

(34 CFR Section 300.16 and Appendix A)

*Except as otherwise provided, amounts provided to an LEA under Part B of the Act may be used only to pay the excess costs of providing special education and related services to children with disabilities. Excess costs are those costs for the education of an elementary school or secondary school student with a disability that are in excess of the average annual per student expenditure in an LEA during the preceding school year for an elementary school or secondary school student, as may be appropriate. An LEA must spend at least the average annual per student expenditure on the education of an elementary school or secondary school child with a disability before funds under Part B of the Act are used to pay the excess costs of providing special education and related services.*

**Section 602(8) of the Act and Section 300.16 requires the LEA to compute the minimum average amount separately for children in its elementary schools and for children in its secondary schools. LEAs may not compute the minimum average amount it must spend on the education of children with disabilities based on a combination of the enrollments in its elementary schools and secondary schools.**

**In addition, the district must use its October 1<sup>st</sup> student census to determine PPE. An average daily attendance cannot be used.**

The following example shows how to compute the minimum average amount an LEA must spend for the education of each of its elementary school children with disabilities under section 602(3) of the Act before it may use funds under Part B of the Act. The intent of the law is that federal funds can be used during the same time, as long as the threshold of local funds is reached during the fiscal year.

**Section A:** Requires the LEA to determine the total amount of its expenditures for elementary (or secondary) school students from all sources—local, State, and Federal (including, IDEA Part B)—in the preceding school year.

**Section B:** Capital outlay and debt is then subtracted from the Section A total.

**Section C:** The LEA must subtract from the total expenditures amounts listed on the example. These are funds that the LEA actually spent, not funds received last year but carried over for the current school year.

**Section D:** Next, the LEA must determine the PPE for its elementary schools dividing the previous October 1<sup>st</sup> student census enrolled in the elementary schools of the LEA (including its children with disabilities) into the amount computed under the above paragraph.

**Section E:** To determine the total minimum amount of funds the LEA must spend for the education of its elementary school children with disabilities in the LEA, the LEA must multiply the number of elementary school children with disabilities in the LEA by the PPE obtained in Section D above. Funds under Part B of the Act can only be used for excess costs over and above this minimum.

**THE SAME METHOD MUST ALSO BE USED FOR ITS SECONDARY STUDENTS.**
