

June 22, 2018

As we near the July 1 deadline for the contractual requirements defined in [state privacy statute](#), I wanted to share an update on the Apple School Manager terms, which the company recently revised:

<http://images.apple.com/legal/education/apple-school-manager/ASM-US-EN.pdf>

While we have not conducted an exhaustive review of the terms, we do feel they address the contractual and other requirements of our statute. We encourage districts to review them as well, given the extensive use of Apple products and services in many Connecticut school districts.
