**Please note the following:**

1. The residual disinfectant concentration must be measured at the same location and time as each total coliform sample.
2. If a Collection Period is specified, all water quality samples must be collected during the specified period.
3. Depending on results, additional monitoring may be required (i.e. repeat or confirmation samples). This schedule is subject to change, and any related correspondence sent by the DWS on or after the generation date of this schedule will have precedence over what is contained in this schedule.
