Please note the fo	ollowing:										
1. The residual dis	infectant concentra	ation must b	e measured at	the same locati	on and time	as each	total colif	orm sample.			

2. If a Collection Period is specified, all water quality samples must be collected during the specified period.

3. Depending on results, additional monitoring may be required (i.e. repeat or confirmation samples). This schedule is subject to change, and any related correspondence sent by the DWS on or after the generation date of this schedule will have precedence over what is contained in this schedule.

Please note th	e following:						
1. The residual	disinfectant concentration must be measu	ired at the same location	and time a	is each total colif	orm sample.		
2. If a Collectio	n Period is specified, all water quality sam	ples must be collected du	ring the sp	ecified period.			
3. Depending c	n results, additional monitoring may be re	quired (i.e. repeat or conf	firmation s	amples). This sc	hedule is subj	ect to change,	and any related

correspondence sent by the DWS on or after the generation date of this schedule will have precedence over what is contained in this schedule.
